### Annual lending caps under the Framework Loan Agreements 2016

The annual lending caps for the maximum aggregate amount which can be lent by the Group on any single day (inclusive of interest received and anticipated to be received rounded to the nearest million) under both of the Framework Loan Agreements 2016 have been determined after assessing the maximum amount of exposure at any time which the Group is prepared to assume under the Framework Loan Agreements 2016 in the context of its estimated temporarily surplus cash resources and the historical amount lent by the Group as set out below.

Set out below are the maximum aggregate amount of advances outstanding on any single day lent by the Group under the Framework Loan Agreements 2013 (inclusive of interest received and receivable) during each of the years ended 31st December, 2014 and 2015 and the ten months ended 31st October, 2016:

*Note 1:* inclusive of outstanding amounts denominated in RMB of RMB550 million and outstanding amounts denominated in Hong Kong dollars of HK\$709 million, For the purpose of this calculation only, the conversion of HK\$ into RMB is made at the rate of RMB1.00 = HK\$1.26318 and is for reference only.

The proposed annual lending caps for the Group on any single day for the term of the Framework Loan Agreements 2016 and a comparison of these caps with the Group's other deposits, cash and bank balances and with the size of the Group using the highest of the applicable percentage ratios as defined under Rule 14.07 of the Listing Rules are as follows:

Such maximum daily amount is applicable for each day during the relevant year, and such maximum daily amount is calculated on an individual basis as outstanding at the end of each day during the relevant year without aggregating with the daily amount incurred on the days before.

#### Financial condition of the guarantors

The directors of the Company (including independent non-executive directors of the Company) consider the Framework Loan Agreements 2016 were negotiated on an arm's length basis and are on normal commercial terms, and the relevant terms and annual caps are fair and reasonable and in the interests of the Company and its shareholders as a whole.
